

# Whiskey Will

Darkbuster

[Voice one:]

Fuck you. Drunk like you were.  
Are you sobered up yet?

[Voice two:]

Yeah, I was never drunk, you idiot.

[Voice one:] You said you were down the Shamrock,  
you must have had two beers down there. That's enough  
to get you drunk, you can't hold your damn... a drop  
of liquor for christ's sake!)

It's been a long time  
It's been a long time  
It's been a long time  
Since I been home  
It's been a long time  
It's been a long time  
It's been a long time  
Since I been home

Yeah I've been drinkin'  
Yeah I've been drunk  
I lost my shirt on a game of stud

If she don't kill me  
The Whiskey Will (4x)

I had two shots  
I hit the jukebox  
From Merle Haggard's the Bottle Let Me Down  
Jack in a bottle, Jack in a cup  
Jack on the rocks or Jack straight up  
No more tobacco  
My time to run  
I'm stumblin' home for a bottle of some

It's been a long time  
It's been a long time  
It's been a long time  
Since I been home

If she don't kill me  
The Whiskey Will (4x)

SOLO!

It's been a long time  
It's been a long time  
It's been a long time  
Since I been home

Yeah I've been drinking  
Yeah I've been drunk  
I lost my shirt on a game of stud

If she don't kill me  
The Whiskey Will (9x)

([Voice one:]  
Fuck you. Drunk like you were.  
Are you sobered up yet?

[Voice two:]  
Yeah, I was never drunk, you idiot.  
[Voice one:] You said you were down the Shamrock,  
you must have had two beers down there. That's enough  
to get you drunk, you can't hold your damn... a drop  
of liquor for christ's sake!)

It's been a long time  
It's been a long time  
It's been a long time  
Since I been home  
It's been a long time  
It's been a long time  
It's been a long time  
Since I been home

Yeah I've been drinkin'  
Yeah I've been drunk  
I lost my shirt on a game of stud

If she don't kill me  
The Whiskey Will (4x)

I had two shots  
I hit the jukebox  
From Merle Haggard's the Bottle Let Me Down  
Jack in a bottle, Jack in a cup  
Jack on the rocks or Jack straight up
