

Everybody Have a Good Time

The Darkness

Anticipation, too much to bare
Maybe I'm crazy, but there's something in the air
There's something in the air, ugh
Come on people tell me how you feel
You want a good time, well you got yourself a deal
Oh yeah, you got yourself a deal, ooo

It's time to make, a brand new start
Take off your thinking cap, listen to your heart

Everybody have a good time
Everybody have a blast, alright
Everybody have a good time
For tonight may be our last, alright

You think you're cool, well I'm not so sure
Come on baby, leave your ego at the door
Cause you don't need it anymore, ooo
Where is all this fighting getting us?
Where is the fire baby? What's the fuss?

Everybody have a good time
Everybody have a blast
Everybody have a good time
For tonight may be our last, alright
Yeah tonight may be our last

Where fools rush in, where eagles dare
You will find us, already there
We live the same dream, every night
Having a good time till the morning light

Everybody have a good time
Everybody have a blast, ooohh
Everybody have a good time
For tonight may be our last, alright
Yeah tonight may be our last.

This could be our last one
Well that was our last one... woo!
