

# Friday Night

## The Darkness

Hey you, do you remember me, I used to sit next to you at school  
We indulged in extra curricular activities, we weren't particularly cool

Monday cycling, Tuesday gymnastics, dancing on a Friday night  
I got Bridge Club on Wednesday, archery on Thursday, Dancing on a Friday night

Hey you, could you ever fall for me the way I fell for you  
And did you dwell upon the thoughts that I occupy, or do you get yourself things to do

Monday rowing, Tuesday badminton, dancing on a Friday night  
I got ping pong on Wednesday, needlework on Thursday, dancing on a Friday night  
With you, with you

Monday, Tuesday, Wednesday, Thursday, dancing on a Friday night  
Let the music smooth me, whole week-end recovery, dancing on a Friday night.

See the lady I adore, dancing on the dancing floor, dancing on a Friday night.  
God the way she moves moves me to write bad poetry, Dancing on a Friday night,  
With you.
