

# How Dare You Call This Love?

The Darkness

All I wanna do is spend a little time with you  
But your so young, it's obscene  
I'll just keep biding my time until you put your little hand in mine  
Oh, I can't wait for the day when you finally turn sixteen

There are so many rats on a sinking ship  
There's so much of you, I can't wait  
Get to grips when your halo slips, ow

How dare you call this love  
Ooh, that's what they say  
It's that urge I've gotta fight

How dare you call this love  
Why, it flies in the face  
Of all that is good and is right, yeah

You've got it all and you're always my first port of call  
This is the happiest I've ever been  
And I know I should wait but you lay it all out on a plate  
And I'm just too fond of you, boy  
To let the laws of nature intervene

There are so many rats on a sinking ship  
There's so much of you, I can't wait  
Get to grips when your halo slips, ow

How dare you call this love  
Ooh, that's what they say  
It's that urge I've gotta fight

How dare you call this love  
Why, it flies in the face  
Of all that is good and is right, yeah

Ga-ga-ow  
Yeah, keep it moving

How dare you call this love  
Ooh, that's what they say  
It's that urge I've gotta fight, ow

How dare you call this love  
Why, it flies in the face  
Of all that is good and is right, yeah

(How dare you call this love)  
That's what they say  
It's that urge I've gotta fight

Why I know, why I know  
Oh, but please not again  
Cause it flies in the face  
Of all that is good and is right, yeah
