Fly Into the Night

Darkseed

Inside of you
 Tears of pure frustration
 Cascading down your heart
 What could fill your restless soul
 You may never know
 You may never know

 Come inside my painless world
 Inside eternity
 Open up your mind
 And take a ride
 Fly into the night

 Broken, wounded world
 Broken, wounded minds
 No place for you to live
 Liar's fires burn
 Melting ice of trust
 Endless filthy days
 Laugh of evil lust

 Fly:
 Come inside my painless world
 Inside eternity
 Fly:.
 Open up your mind and take a ride
 Fly into the night

 I will find the light and bring it back to you
 Hope is by your side
 liar's fires gone
