

# Seeds Of Sorrow

Darkseed

I listen to the whispering waves  
The whispering waves of unconditional love  
With my feet on earth, my head above

The night's echo of myself  
A shadow that will flow forevermore  
And I have never felt this way before

Once again the thought of you  
Permeates my skin  
You're living in my bones now  
I cannot calm the voices from within

Once again my heartache rose  
From its silent slumber  
Autumn leaves they sweep my soul  
Too many tears to number

And black rains fall  
Emotions rise tonight  
No chance to keep them under  
Wherever I shall wander □ I'm lost

The night it sleeps  
Deep in my skin □ tonight  
No chance to find a reason  
The origin of treason

Once again the seeds of sorrow  
Can't be cast aside  
There is no bright tomorrow  
Autumn rides upon the blackened tide

Once again I drink to fall  
A portion I must bear  
I feel it live and breathe inside  
Dead leaves turn to ash, but I don't care  
They turn to ash, but I don't care

And black rains fall  
Emotions rise tonight  
No chance to keep them under  
Wherever I shall wander □ I'm lost

The night it sleeps  
Deep in my skin □ tonight  
No chance to find a reason  
The origin of treason

Eternal darkness □ fall from grace  
Deep inside I'm hurting with desire  
Hopes and dreams will soon be lost in space

And black rains fall  
Emotions rise tonight  
No chance to keep them under  
Wherever I shall wander □ I'm lost

The night it sleeps  
Deep in my skin □ tonight  
No chance to find a reason  
The origin of treason
