

# Requiem

## Darkside

Near autumn walls I'm seeking shadows  
Dark fears - an anthem of this time  
Damnation - the dreamers heart  
Overflowed with purple red  
Melancholia of a dying world  
Follows my step as I walk  
A stranger on the graveyard  
Towards the black swords of lie

Dreaming they rise  
From dark eons decayed men  
Black gates effuse  
Dying angels with cold brows

Dark rooms senseless  
Bony hands  
Tortured blue unholy child  
Rat gnaws doorway  
Heart stone sad  
Cold fever halls purple death

Darkness emotion  
Hunger condemned  
Fouling darkness  
Swords of lie  
Garden of orphans  
Unholy grave  
Red barchetta on the channel  
Life

Lost life gained death  
Is the feeling in my heart  
As I cross the rivers|edge  
Then my spirit will be set free
