

Under a burning sky  
Demise strays through the year  
Decay casting light on shedding of leaves  
The night  
River silent shivers  
As my lids will widen divine  
Prayers silently whispered  
Your eyes close your soul is mine

ATECH MALKUTH  
VE GEBURACH  
VE GEDULACH  
LE OLAHM  
CHUMEIN

And my wasted life  
In a terrifying wink of time  
Restlessly awaiting for  
Benediction from my god divine  
And the sky was blackened  
As you turned your grace away  
Doubtlessly expecting  
My soul to be taken away

As I die  
In a blanket white and clean  
Angelic voices shiver  
Like a graveyards silent scream  
As the end is near and all I feel now is believe  
Light of live endarkens  
I command my soul to thee

ATECH MALKUTH...
