

Bad Attitude

Darkthrone

I try to keep a good attitude,
Each and every day,
But you're talking business,
When I want to play.

You're always in my way,
You're always in my way.

Sometimes I look at you,
I wonder if you're alive,
Are you cybernetic?
Or are you a jive?

You're always in my way,
You're always in my way.

You're giving me a bad attitude,
Every time I think of you baby.

It's just not fair,
When you drool on me,
Then you bite my shoulder,
Like you're out to feed.

You're always in my way,
Bad bad attitude.
