

Black Daimon

Darkthrone

Daimon, Daimon...
It's been years...
Daimon, Daimon...
Since I discovered the other world...
The other world!
With shadows draped around me!
Daimon, Daimon...
Daimon, Daimoon...

Evil

Possess me
Possess me

I pretend...
But demons... I can only DREAM of...

Possess me

In coldness and darkness
I know I'm possessed!!!

Bodies... Are what we all see
Dead or alive
We're alive... - But our truth is dead!!!
Invisible... For all to see
Demons... When it's cold and dark
Possess me... Possess me... More and more...
