## **Fuck Off and Die**

## Darkthrone

If you think my castle Is built on sand Well bring on the tides You can fuck off and die

If you think my patience Is ocean vast Or river deep You can fuck off and die

Fuck off and die! Fuck off and die! Fuck off and die! Fuck off and die! Fuck off and die!!

If you think my pain Is well preserved Then go ahead and try You can fuck off and die

Fuck off and die!!!
