

## I Am the Graves of the 80s

Darkthrone

There's too many struggles  
There's too many fears  
I've hardened my blood now  
For so many years!  
Uh!

I am the graves of the 80s  
I am the risen dead  
Destroy their modern metal  
And bang your fucking head  
Uh!

There's way too much black  
And there's too little metal  
Dealing with this had me breaking my shackles!

I am the graves of the 80s  
I am the risen dead  
Destroy their modern metal  
And bang your fucking head  
Destroy!

United by hatred...  
Reborn through hate...
