

## Pure Demoniac Blessing

Darkthrone

The dragon rises before me  
I'll fornicate the beast  
Come to me  
Possess me as I burn  
Into your painted realms

Come raging chaos  
Rule power from your soul  
Pure demoniac blessing  
As I kill myself in woe  
(As I kill myself in woe)

As souls coloured the face of the moon  
Shall suffer the eclipse

You must know that I can no longer see  
The difference of dream and reality

For the walls have been sieged  
And banished by our Dark Satanic Blasphemy
