

## The Cult of Goliath

Darkthrone

666 steps ahead  
I can not be traced  
You sense my presence here  
Like the fear of cancer

HAIL BABYLON!  
The cult of Goliath  
Scraping on my fence  
Feeble religious slugs

You can not come inside  
Inferior to the might  
You criticize the Cult  
Stumbling confidence under my blackfoot  
Uh!

Hail Babylon!  
The cult of Goliath  
Superior crown wielder  
Dome of excludion
