

# Tallest Tree

Darkwater

A winter's on its way  
I feel it coming closer  
Colder every day now  
But I will let it come  
I'll let it wash me over  
'Til all my limbs go numb  
Then I won't have to move  
Then I'll have lost my way and  
You will tell me: "My baby,  
If you can't find your way  
Then I will find it for you  
Don't you worry"

Look at me  
Did I think that you'd be there for me  
After all I can see through this  
I'm not blind  
It's as if I had made up my mind  
Not to go any closer than this

You're not the one for me  
You're not the one I dream of  
No, you're much too close now  
I've always been this way  
I only dare the lowest branches  
Of the tallest tree  
But I will change my ways  
I will face my fears  
I'll climb up to the top of  
You are my tallest tree  
And I will keep on climbing  
Don't you worry

Look at me  
Now I'm where I've been wanting to be  
I have waited so long for this  
I've been blind  
I have been such a coward at times  
Now I've finally opened my eyes

Good things come to those who take them  
Nothing's left for those who are waiting

A winter's on its way  
I feel it getting colder  
Closer day by day now  
And you'd be frozen stiff  
If you were on your own  
But this time I've got your back  
If you can't find your way  
Then I will find it for you  
I'll be there for you baby  
If you can't find your way  
Then I'll find it for you  
Don't you worry

Look at me

Did I think it was not up to me  
Did I think could wait for this  
I'm not blind  
Though I've been such a coward at times  
All it took was to open my eyes
