

Last Time

Darlene Love

Where does the time go baby?
Seems like when I got here you were still a child
Listen to me baby
I wanna let the tears fall, but that's not my style

Next time I see you, we'll be older
We'll be changed in ways we may not even see
We may grow apart instead of closer
That's why tonight, means everything to me

This may be the last time
Let's make it the best time
Maybe the last time
Let's make it the best time

Look at me baby
I wish I could answer all the questions in your eyes
What matters baby is that we look around
And be proud of how we spent our lives

Listen baby, I didn't get here by complaining
And I'll be leaving the same way that I came
In you I saw myself and for that I'm grateful
I'm going to make sure you remember my name

This may be the last time
Let's make it the best time
Maybe the last time
Let's make it the best time

Next time I see ya, we'll be older
And we'll be changed in ways we may not even see
We may grow apart, instead of closer
I just want to thank you for being here for me

This may be the last time
Let's make it the best time
Maybe the last time
Let's make it the best time
This may be the last time
Let's make it the best time
Maybe the last time
Let's make it the best time
