

# Wait Til My Bobby Gets Home

Darlene Love

Youve been calling in me every day  
Ever since my Bobby went away  
Youve been knocking on my fromt door  
And I know just what you're looking for, but  
Even though you really look so fine  
And weve been having good times

I'm gonna wait, till my Bobby gets home  
Wait till my baby gets home  
Yeah, yeah, yeah you better leave me alone  
True I need some lovin and some kissin and a huggin  
But I'll wait till my Bobby gets home

You wanna take me to a movie show  
I gotta tell you that I just can't go  
I know Bobbys gonna call tonight  
I wanna tell him evey things alright, and  
Though I haven't got a thing to do  
And I'm so lonely and blue
