I Draw Near To You

Darlene Zschech

I draw near to You You draw near to me You're calling me on To a higher place

As children run To their father's voice Give me open ears To hear You call

That I may live by Your word To be all I'm called to be I call on Your name

I need You my God That I may live for Your word Wholly devoted to You I call on Your name I need You my God

I draw near to You You'll draw near to me Let me hear You speak To me Lord
