Promise

Darlene Zschech

Laid down mystery Of life quite clear to me The sparkling truth revealed Soul satisfying

This treasure of life to bring It gives me this passion to sing I need You, I run Into Your arms

Above the world Oh, I'll go to You A light in the darkness You're shining Your heart in me

I promise, I promise To eternity I live and die To know You, to love You For I found what I've been looking for

Well, I sense You more all along This need in me to belong Your winds of grace complete me Spread me away

But Your love is peaceable, I know Just look at me, does it show? I long for the day That I see You face to face

Above the world Oh, I'll go to You A light in the darkness You're shining Your heart in me

I promise, I promise To eternity I live and die To know You, to love You For I found what I've been looking for

I promise, I promise, yeah, yeah

Desire of all nations We come Strength of my life You are shining Your heart in me

I promise, I promise To eternity I live and I'm dying To know You, to love You For I found what I've been looking for

I promise, I promise To eternity I live, I will die To know You, to love You For I found what I've been looking for Tištěnoz www.txp.cz
