

I Still Think

Darren Criss

My life is a...
series of actors changing places,
except there's no back stage
and there's no place for me.

It's okay though,
the jokes on the television
make me laugh, remind me that it's okay
not to have a backstage door or place to hide.

Well I've got dinner on my plate,
got my paycheck yesterday.
How great, how cool.
I've got places, I've got Friends,
I've got Joey, Ross, and Chandler, then...
there's you.

And now, how, we like to say that we're in love,
doesn't it, seem like that should be enough,
but, the world will roll their eyes but I still think,
well I still think that we're in love.

Oh, shoes and jackets,
purses and tennis rackets,
make their way as they please,
in those SUVs to the country club.

I don't play much,
but I do enjoy having the ball in my court,
and what's more,
I like playing, for love.

But I've got arms and you've got legs,
together we've made some mistakes.
But hey, we're doing well!

Well I've got reason to believe,
in the power of you and me to break,
this spell.

And now, how, we like to say that we're in love,
doesn't it, seem like that should be enough,
but, the world will roll their eyes but I still think,
well I still think that we're in love.

One more question:
how is this one big lesson?
I don't think that there's a quiz,
but if there is I'll be, outside;
playing in the yard,
swinging on monkey bars,
exercising my life to this recess from this lesson
that I tried, oh

But I've got arms and you've got legs,
together we've made some mistakes.
But hey, we're doing well!

Well I've got reason, to believe,
in the power of you and me to break,
this spell.

And now, how, we like to say that we're in love,
doesn't it, seem like that should be enough,
but, the world will roll their eyes but I still think,
well I still think that we're in love.
well I still think that we're in love, love, love.
well I still think that we're in love.
Ooh..
