

# Casey

Darren Hayes

Driving in your car  
With the windows down  
And the beat up stereo  
Struggle with this town  
Cuz you love to hate it  
And hate it to let it go

And we're all alone  
And so tired of being  
Underrated  
So don't take me home  
Cuz I feel alive  
When you come and save me

A yellow car  
Speeding down the Southside freeway  
We'll rewrite this movie  
Make it end like we want it to

And Casey  
When you go  
Can you come and find me  
Wanna be beside you  
When you leave this town  
I've been waving goodbye  
Pretending not to cry  
I want to be someone  
If you take me away  
All the pain will change  
Into a memory...  
Of when we were amazing

1989  
Summer had hit  
But it was not moving  
What is it with this town?  
Every time we win  
It just feels like losing  
We were never gonna fit in  
I was a mixed up kid  
And you were my sanity

In a yellow car  
We don't even have to go far  
Cuz that song you're playing  
Sounds like peace on the radio

And Casey  
When you go  
Can you come and find me  
Wanna be beside you  
When you leave this town  
I've been waving goodbye  
Pretending not to cry  
I want to be someone  
If you take me away  
All the pain will change

Into a memory  
Of when we were amazing  
When we were amazing

I know things will change  
Casey stay the same  
Take me away  
Oh, we don't have to go far  
Yeah, we don't have to go far  
I know

Casey  
When you go  
Can you come and find me  
Wanna be beside you  
When you leave this town  
I've been waving goodbye  
Pretending not to cry  
I want to be someone  
If you take me away  
All the pain will change  
Into a memory  
Of when we were  
When we were

Casey  
When you go  
Can you come and find me  
Wanna be beside you  
When you leave this town  
I've been waving goodbye  
Pretending not to cry  
I want to be someone  
If you take me away  
All the pain will change  
Into a memory  
Of when we were amazing  
When we were

Driving in your car  
With the windows down  
And the beat up stereo  
Oh, oh

I wanna  
I'm gonna  
I wanna  
Be someone  
I wanna  
I'm gonna  
I wanna  
Be someone

(I will run to you  
I will come to you  
I will run to you  
I will come to you)

Come on and get me  
Come on and rescue me

(I will run to you  
I will come to you

I will run to you  
I will come to you)

Coming through the sky  
Like a satellite  
Like a radio wave  
A meteorite
