

# Don't Give Up

Darren Hayes

It's six o'clock and I'm wide awake and dreaming  
I'm thinking back to a time before our separate lives  
A time where I could make you mine oooh  
I made a promise I was never gonna hurt you  
I wrote a letter and divided all the words in two  
half for me and half for you oooh

Now I'm sending out a searchlight along latitudes and satellite  
s

Don't give up don't give up don't give up on our love story whe  
n you can't go on  
Don't give up don't give up always dark before the morning when  
you can't go on  
you be a brave heart I'll be a lion's roar  
and love surrenders to win the war

In the silence I hear every word you're thinking  
Like the shimmer of a far away and distant star  
Guess love could never travel that far no  
And I can't believe it's come to this  
all our secret codes and battleships

Don't give up don't give up don't give up on our love story whe  
n you can't go on  
Don't give up don't give up always dark before the morning when  
you can't go on  
you be a brave heart I'll be a lion's roar  
and love surrenders to win the war

And I wanna run away from this but I never leave a sinking ship  
no  
without you in it there's no point to our story oooh

And I can't believe it's come to this  
all our secret codes and battleships no  
without you in it there's no point to our story oooh

Don't ever let me go no no no  
Don't ever let me go  
Don't ever let me go  
Don't ever let me go
