

Good Enough

Darren Hayes

If I woke up late
Couldn't get out of bed
If I bought you a café latte instead
If I lied when I said 32 inches was the size of my waist
And if I admit every once in a while
Even though I dig alternative style
Occasionally I can be caught dancin' to Brittany
And can I confess
That art house doesn't turn me on
But I like every single thing that Spielberg's done (Except A.I.)

Could I be good enough
Could I be good enough
If the going got worse and the worse got rough
The days became endless and harder than tough
I'd be good enough
Better than best would be simply to be good enough
If everything I give doesn't seem like a lot
If it's all that I got
Baby tell that could be good enough

Where I grew up
The rent was cheap
But we always had enough to eat Didn't have fancy clothes
I never really cared coz there were shoes on my toes
And motherly love
I knew it like the back of my hand
She always had a way to make me understand

I could be good enough
I could be good enough
If the going got worse and the worse got rough
The days became endless and harder than tough
I'd be good enough
Better than best would be simply to be good enough
If everything I give doesn't seem like a lot
If it's all that I got
Baby tell me that could be good enough

Coz I don't know which way this road is gonna turn
But I know it's gonna be fine
But there are some days no matter how much I've learned
That the road gets tough
And I don't feel good enough
But if you're giving me some of that loving
Could you pass some over
Let me cry on your shoulder and tell me baby
I could be good enough

If I lost my job
And my hair fell out
If I made no sense
And I scream and shout
Would you laugh at me?
Never take a word I say seriously And if I'm out in the cold
Waiting in the back of the line
Too afraid to drop my name for fear of decline

Could you tell me I'm good enough? Could I be good enough?
If the going got worse and the worse got rough
The days became endless and harder than tough
I'd be good enough
Better than best would be simply to be good enough
If everything I give doesn't seem like a lot
If it's all that I've got
Baby tell me that could be good enough

I need to know that I could be good enough
Because everybody wants to feel good enough
Show me baby
Tell me
Come on a prove it baby
Give it to me
