

# Baby I'll Let You Know

Darren Styles

This time I know  
Where it is I need to go  
Patience my friend  
I know we'll get there in the end  
Don't be afraid  
Let me wipe away those tears  
Just say you will be here

Baby I'll let you know just how I feel  
When I'm ready I'll let you know  
I'll be coming around when I'm ready

Baby I'll let you know just how I feel (Just how I feel)  
When I'm ready I'll let you know  
I'll be coming around, baby I'll let you know

Just say you will be here

I feel your touch now

Baby I'll let you know just how I feel  
When I'm ready I'll let you know  
I'll be coming around when I'm ready

Baby I'll let you know just how I feel (Just how I feel)  
When I'm ready I'll let you know  
I'll be coming around, baby I'll let you know

I hope this time  
Maybe we could get it right  
Don't cry my friend  
I know we'll get there in the end  
Hold on, don't let go  
Let me see you wipe away those tears  
Just say you will be here

Just say you will be here

I feel your touch now

Baby I'll let you know just how I feel  
When I'm ready I'll let you know  
I'll be coming around when I'm ready

Baby I'll let you know just how I feel (Just how I feel)  
When I'm ready I'll let you know  
I'll be coming around, baby I'll let you know
