Take a look at my girlfriend  
Take a look at my girlfriend

Take a look at my girlfriend  
She's the only one I got  
She's not much of a girlfriend  
I never seem to get a lot

So take a look at my girlfriend  
She's the only one I got  
She's not much of a girlfriend  
I never seem to get a lot

Take a look at my girlfriend  
Take a look at my girlfriend  
Take a look at my girlfriend  
Take a look at my girlfriend

I first saw her on the dance floor  
Getting down to the hardcore  
Could not believe the way she moved  
And straight away my mood improved  
Buzzin hard is the true way  
We even like the same DJs  
Felt the connection straight away  
I even rushed when she said her name

We put our hands up to the sky  
And it was love before my eyes  
Cos there was lasers and strobe lights  
It was a smile that shone so bright  
This was the best night of my life  
And she didn't even realize  
I hope this feeling never ends  
So take a look at my girlfriend

Take a look at my girlfriend  
She's the only one I got  
She's not much of a girlfriend  
I never seem to get a lot
