

Girls Like You

Darren Styles

I saw a girl
Across the street
Looked like someone off tv
She was fit
And dressed to please
And had me fallin to my knees
The way she walked
Her lipstick smile
And everythin about her style
Intoxicates, Infacuates
I've got a feelin she'll drive me wild

Girls like you rock my world
And thats how I like it yeah
Sexy, crazy trashy girls
And thats how I like it yeah

She's so hot
A fashion queen
Like somethin out of a magazine
The way she flirts
I can't resist
Her rockstar image with a twist
Her attitude is off the dial
You can see it from a mile
Intoxicates, Infactuates
I've got a feelin she'll drive me wild

Girls like you rock my world
And thats how I like it yeah
Sexy, crazy trashy girls
And thats how I like it yeah
