

# I Will Be

Darren Styles

I will be, I will be

I will be, I will be  
I will be, I will be the one  
You will see, you will see  
You will see heaven in my arms  
I will be, I will be  
I will be, let me be the one  
You will see, you will see  
You will see heaven in my arms

Can you hear me calling  
Calling out your name  
As we move in deeper  
And if I ask you baby  
Do you feel the same  
Would you give the answer

I will be, I will be  
I will be, let me be the one  
You will see, you will see  
You will see heaven in my arms

Can you feel this music  
Running through your veins  
And it's getting closer  
Gonna take you on a journey  
You won't feel the pain  
As it's taking over

I will be, I will be  
I will be, let me be the one  
You will see, you will see  
You will see heaven in my arms
