

Skydivin' (vocal Mix)

Darren Styles

I feel like I'm drifting through the sky
Through the heavens I can hear your voice I feel
Alive
Your everything that I want you to be
You give me all the strength I need
Cause baby I'm in free fall with you

I'm skydivin'
I'm skydivin'
I'm skydivin'
Yeah!

Sky di sky sky divin...

Take me to a place where I can dream
So we can climb up above the clouds and feel
So free
And as we fall I'll take your hand
Don't let me go, please understand that
Baby I'm in free fall with you

I'm skydivin'
I'm skydivin'
I'm skydivin'
I'm skydivin'
Yeah!

Sky di sky sky divin...
