

Sure Feels Good

Darren Styles

Close your eyes and hold on tight
Just let the music play
Let's take a ride into the night
A place where we can stay

Feeling the moment, won't let it slip away
Sure feels good to me
I can't get enough now, I just wanna stay
Sure feels good to me

Feeling the moment, won't let it slip away
Sure feels good to me
I can't get enough now, I just wanna stay
Sure feels good to me

Sure feels good... sure feels good... (2x)

Close your eyes and hold on tight
Just let the music play
Let's take a ride into the night
A place where we can stay

Feeling the moment, won't let it slip away
Sure feels good to me
I can't get enough now, I just wanna stay
Sure feels good to me
