Darryl Worley

Free

Feels a lot better that I thought it would
Free Never knew it felt so good to be

Free to do what I wanna do
So I'm getting out on the town tonight
Gonna say good bye to you
Get on back to feeling right
Time for me to be cutting loose
Getting out of that noose
You had on me

Free

Feels a lot better that I thought it would
Free
Never knew it felt so good

Free to think what I wanna think
Free to come up with my own plan
I'm gonna get myself a big ol' drink
Celebrate being my own man
Hanging out in this redneck bar
It's all good as far as I can see.

Free

Feels a lot better than I thought it would
Free
Never knew it felt so good to be

I've been wrapped up tied down
Been lost but I found
I'm the kind of man that needs to be free

Free

Feels a lot better than I thought it would
Free
Never
knew it felt so good to be
Free
So good to be
Free
