

# It's The Way You Love Me

Darryl Worley

It ain't the way you cut up and carry on  
The little things flip me to a tee  
It ain't the way you like to rock me all night long  
Girl what really gets the best of me

It's the way you love  
When you turn the lights down low  
It's the way you love me  
When you take it nice and slow  
It's the way you touch me, feel me  
Way down in the night  
And everything about the way I'm feeling is right  
It's the way you love me.

It's ain't the way you  
Wiggle when you walk by  
The way you look in everything you put on  
It ain't the way you put a twinkle in my eye  
Talking dirty on the telephone

It's the way you love me  
When you the lights down low  
It's the way you love me baby  
When you take it nice and slow  
It's the way you touch me, feel me  
Way down in the night  
And everything about the way I'm feeling is right  
It's the way you love me

Seems like everything you do  
Has a way of turning me on  
But baby most of all

It's the way you love me  
When you turn the lights down low  
It's the way you love me  
When you take it nice and slow  
It's the way you touch me, feel me  
Way down in the night  
And everything about the way I'm feeling is right  
It's the way you love me
