

It's The Way You Love Me

Darryl Worley

It ain't the way you cut up and carry on
The little things flip me to a tee
It ain't the way you like to rock me al night long
Girl what really gets the best of me

It's the way you love
When you turn the lights down low
It's the way you love me
When you take it nice and slow
It's the way you touch me, feel me
Way down in the night
And everything about the way I'm feeling is right
It's the way you love me.

It's ain't the way you
Wiggle when you walk by
The way you look in everything you put on
It ain't the way you put a twinkle in my eye
Talking dirty on the telephone

It's the way you love me
When you the lights down low
It's the way you love me baby
When you take it nice and slow
It's the way you touch me, feel me
Way down in the night
And everything about the way I'm feeling is right
It's the way you love me

Seems like everything you do
Has a way of turning me on
But baby most of all

It's the way you love me
When you turn the lights down low
It's the way you love me
When you take it nice and slow
It's the way you touch me, feel me
Way down in the night
And everything about the way I'm feeling is right
It's the way you love me
