

# Messed Up In Memphis

Darryl Worley

Home  
I'm so far from home  
And she's gone  
I messed up in Memphis

Alone  
Out here on my own  
The night is young  
Messed up in Memphis

Oh, there's music in the air tonight  
City lights and I hear those Beale Street blues  
Telling me it's gonna be alright  
Let it go  
You got nothing' left to lose

Oh, pain  
I don't feel no pain  
Messed up in Memphis

Oh, there's music in the air tonight  
City lights and I hear those Beale Street blues  
Telling me it's gonna be alright  
Let it go  
You got nothin' left to lose

Oh, glance  
Just a passing glance  
A second chance  
Messed up in Memphis

Fire  
Painted lips on fire  
Love for hire  
Messed up in Memphis

Love for hire  
Messed up in Memphis
