

# Message To Ya

Daryl Hall

It seems I got left at the station  
I didn't have change for the train  
You caught the express and left me there  
Boots getting wet in the rain  
I need to explain how I feel for you  
Cause I didn't tell you in time  
There must be a way for me to have my say  
Shout out my love down the line

Can I get a message to ya  
Got to send a message to ya  
Got to get a message to ya  
Hope you can hear it  
Hope that you hear it  
Hope you can hear it  
Right now  
Hope you can hear it [x3]  
Right now

I've treated you disgracefully  
I'll fix all the mess I've made  
I'll try reassuring your worried mind  
If you'll just let me explain

Can I get a message to ya  
Got to send a message to ya  
Got to get a message to ya  
Hope you can hear it  
Hope you can hear it  
Hope you can hear it  
Right now  
Hope you can hear it [x3]  
Right now

Hope that you hear it  
Hope you can hear it  
Right now  
[x2]

Don't wanna break it  
Break it  
Break the chain  
[repeat with ad-libs]

Can I get a message to ya  
Send a message to ya  
Got to get a message to ya  
Hope that you hear it  
Hope that you hear it  
Right now  
Hope that you hear it  
Hope that you hear it  
Right now
