

North Star

Daryl Hall

North Star
We stare
How far
How clear

Now touch
Touch here
Now warm
Now near
Now near

Within
With you
With love
With love
How sweet
How filled
Now time
Now time
Now touch
How sweet
How near
How filled
Now time
Times still
I'm still
Tonight

North star
We stare
How far
How clear
How far
How clear
How far
How clear
Now touch
Touch here
Now warm
Now near
Within you
With you
With love
With love
With love

I stand in the hallway
She stands in the hall
I stand at the doorway
She stands at the door
I lean in the window
She leans on the wind
I wait for beginnings
She waits for the end

North star
North star

How far
How clear
Now touch
Touch here
Now warm
Now near
Now near
How far
How clear
Now touch
Touch here
Now warm
Now near
Now near
