

# Hope Love And Happiness

Daryll-Ann

Hope love and happiness  
And your smile so gently  
Yet so silently  
School flows in front of my eyes  
Coloured shapes captured  
In a twisted mind

Empty words  
Honeybee, slowly go  
Where I'm free  
Sorrow sight for lonely eyes  
Hummin' all the way

True love come over me  
You might have changed so easy  
Yet so finally

Only 13 fell in love  
Just one word, just another photograph

Empty words, phrases  
Honeybee, slowly go  
To where I long to be  
Sorrow sight for lonely eyes  
Hummin' all the way

Empty words  
Honeybee, slowly go  
Where I'm free  
Sorrow sight for lonely eyes  
Hummin' all the way
