

Ocean Drive

Daryll-Ann

Does it feel that good to use my arms for shelter
Thrill me and upset my peace of mind
Oh, I understand harmony you fell for
Where has all the love gone
Still I won't let go your heart
You're being born to be the bride
Hardly getting over you, you feel so right
Tormented electrified
Partly getting through to you on my ocean drive
You are all that matters and I want you
Don't you know you're so real
Born to be the bride
Hardly getting over you, you feel so right
Tormented electrified
Partly getting through to you on my ocean drive
You are all that matters and I want you, want you, want you
Born to be the bride
Hardly getting over you, you feel so right
Tormented electrified
Partly getting through to you on my ocean drive
You are all that matters and I want you, want you, want you
