Cheap but Das came to please ya  
Take the Bever, now we back son, tougher action  
Zoom Das, zoom Das, satisfaction  
Biggidee back pop popular, hip hoppin' 'em  
The Hit Squad, Def Squad still rockin' 'em

It's everytime we rock a bomb, we get ya mind open

The mic's blazin', smokin', he was chokin'  
We don't remove walls, boom Docks, plus the sua  
We bring it to ya, we nightmare like Freddy Krueger  
So call me drama, trauma, slash comma, no one to bomba  
E-tracks like ?, from Def Jam  
The East West check my streetbreath, no weak steps  
Or rest with the ?, check my repetoir  
Mangin' on the reservoir, I'm eatin' caviar  
Ey yo I'm really try to do this far  
EPMD and Das Efx cold blazin' it, no face in it  
Got the whole world chasin' it, the scream show up  
Never rock you like my boa, the ill flow up  
Came back cause we knowed ya, another go round  
Grab the mic, put the flow down, you court mo'  
G minus 7, we 'bout to bring now

[Chorus: x2]

Represent my, generation!  
Here we go, all we want to do is flow  
All we know is get the dough

Diggidee yes yes yo, to the beat yo  
No matter what the game, before you walk you got to crawl  
Long term plannin', I make ya bounce like a Mars, line affects candy  
And let the music play like zany  
And feeds your eyes and what you never tought you see again  
Diggidee Das and nigga the EPMD again  
Ask the mildest skill, we built to puff trees and with ya now Hit  
Squad, Kansas  
The Diggidee suck D's, all my niggaz squeeze, jiggaz get hot, we freeze  
Niggaz in the street keep figgaz, can't fuck with these niggaz  
Show stop us, we off the baileys and the ruckus  
Dread not a rasta, I'll be back Asta

What the deal is son, ain't this some shit?  
Caps frontin' for I even come out this bitch  
You forget who we are? Recognize, we spark the Benz  
Then split the game to the kids  
Now you want to act like my crew, never happen  
I've payed the way for rappin', last era

You can say what you want, I sit back and front  
The money, the jewels, the hoe, clothes, YOU KNOW  
Friends and fools can tell ya so about the lyrical, spiritual  
More it's the miracle, fly individual, EPMD and Das Efx might checkin' it

Side checkin' it!

[Chorus: x2]
