

Electronica For Lovers

Das Pop

I'm working on a program
A ridiculous dream
& everybody's with me
I dunno how to feel
I am the modelmaker
A constructor of jeans
I promise you perfection
Between you and me
Electronica for lovers
Electronica for lovers
Electronica for lovers
I'm working on a concept
It's hard to believe
That even you are with me
A genuine dream
Electronica for lovers
Electronica for lovers
Electronica for lovers
