

# Tonight

Das Pop

Tonight won't be like any night  
The stars will shine and only for you tonight  
Tonight we'll bring the highest highs  
Just you and me will talk till the morning light  
Tonight won't be like any night  
I love to spend my loneliness by your side  
Tonight  
I wanna hold you tight  
I wanna do it right  
I wanna change your mind  
I wanna hold you tight  
I wanna hold you tight  
Tonight won't be like any night  
The stars will shine and only for you tonight  
Tonight we'll bring the highest highs  
Just you and me will talk till the morning light  
Tonight won't be like any night  
I love to spend my loneliness by your side  
Tonight  
I wanna hold you tight  
I wanna do it right  
I wanna change your mind  
I wanna hold you tight  
I wanna hold you tight  
Tonight  
Tonight won't be like any night  
The stars will shine and only for you tonight  
Tonight we'll bring the highest highs  
Just you and me will talk till the morning light  
Tonight  
I wanna hold you tight  
I wanna do it right  
I wanna change your mind  
I wanna hold you tight  
I wanna hold you tight
