

# When You Were Around

Dash Berlin

I miss those times  
I miss those days  
When you were around  
So many ways

And it felt so safe  
And I was glad  
But now something's changed  
Makes me sad

And I was waiting patiently  
But you never came  
I realize it now  
Won't ever be the same, again  
Won't ever be the same, again

And I was waiting patiently  
But you never came  
I realize it now  
Won't ever be the same, again  
Won't ever be the same, again

If you're doing fine  
I don't know  
You see, I gave up calling  
Long time ago

Haven't heard from you  
I guess that means  
That I'm not good no more  
That's what it seems

And I was waiting patiently  
But you never came  
I realize it now  
Won't ever be the same, again  
Won't ever be the same, again
