

So Long, So Long

Dashboard Confessional

Hand out the window
Floatin' on air
Just a flip of the wrist
And I am wavin' you goodbye

Drive past the lifeguard stand
Where I sit around waiting for you to remember
As I drive

How the girls could turn to ghosts before your eyes
And the very dreams that led to them are keeping them from dyin
g
And how the grace with which she walked into your life
Will stay with you in your steps,
And pace with you a while
So long, so long (2x)

The speaker in this door is blown
So nothing sounds quite right
Takin' my time, takin' this drive, wavin' this town goodbye,
And I drive this ocean road and remember
The small of your back
And the nape of your neck
I remember everything as I drive, wavin' this town goodbye

I remember

How the girls can turn to ghosts before your eyes
And the very dreams that led to them are keeping them from dyin
g
And how the grace with which she walked into your life
Will stay with you in your steps,
Pace with you a while
So long, so long...

And I will leave under the cover
Of summer's kiss upon the sky
Like the stone face of your lover
Just before she says goodbye
I was certain that the season could be held between my arms
Well just as summer's hold is fleeting
I was here but now I'm gone...
I'm gone... I'm gone, I'm gone
I'm gone...
