

Life After You

Daughtry

I'm ten miles from town, and I just broke down
Spitting out smoke on the side of the road
I'm out here alone, just trying to get home
To tell you I was wrong, but you already know

Believe I won't stop for nothin'
To see you so I've started runnin'

All that I'm after
Is a life full of laughter
As long as I'm laughing with you
And I think that all that still matters is the love and the laughter
After the life we've been through
'Cause I know there's no life after you

The last time we talked, the night that I walked
Burns like a light in the back of my mind
I must've been high, to say you and I
weren't meant to be an' just wasting my time

Oh, why did I ever doubt you
You know, I will die here without you

All that I'm after
Is a life full of laughter
As long as I'm laughing with you
And I think that all that still matters is the love and the laughter
After the life we've been through
'Cause I know there's no life after you

You and I, right or wrong, there's no other one
After this time spent on
It's hard to believe that a man with sight could be so blind
Thinkin' 'bout the better times, must've been outta my mind
So I'm running back to tell you

All that I'm after
Is a life full of laughter
And now God knows what I'd do, yeah

All that I'm after
Is a life full of laughter
As long as I'm laughing with you
And I think that

And I think that all that still matters is the love and the laughter
After the life we've been through, yeah
'Cause I know there's no life after you

You know there's no life after you
You know there's no life after you
You know there's no life after you
No, there's no life after you
Yeah
