

# No Surprise

Daughtry

(And I hope.. and I hope..)  
I've practiced this for hours, gone round and round  
And now I think that I've got it all down  
And as I say it louder, I love how it sounds  
'Cause I'm not taking the easy way out  
Not wrappin' this in ribbons  
Shouldn't have to give a reason why

It's no surprise. I won't be here tomorrow  
I can't believe that I stayed 'til today  
Yeah you and I will be a tough act to follow  
But I know in time we'll find this was no surprise

It came out like a river, once I let it out  
When I thought that I wouldn't know how  
Held onto it forever, just pushing it down  
It felt so good to let go of it now  
Not wrapping this in ribbons  
Shouldn't have to give a reason why

It's no surprise. I won't be here tomorrow  
I can't believe that I stayed 'til today  
There's nothing here in this heart left to borrow  
There's nothing here in this soul left to save  
Don't be surprised when we hate this tomorrow  
God knows we tried to find an easier way  
Yeah you and I will be a tough act to follow  
But I know in time we'll find this was no surprise

Our favorite place we used to go  
The warm embrace that no one knows  
The lovin' look that's left your eyes  
That's why this comes as no, as no surprise

If I could see the future and how this plays out  
I bet it's better than where we are now  
But after going through this  
It's easier to see the reason why

It's no surprise.. I won't be here tomorrow  
I can't believe that I stayed 'til today (stayed 'til today)  
Yeah you and I will be a tough act to follow  
But I know in time we'll find this was no surprise

The kiss goodnight, it comes with me  
Both wrong and right, our memories (our memories)  
The whispering before we sleep,  
Just one more thing that you can't keep (you can't keep)

Our favorite place we used to go  
The warm embrace that no one knows  
The lovin' look that's left your eyes  
But I know in time we'll find this was no surprise  
(And I hope, and I hope, and I hope, and I hope, and I hope.)
