

# On The Inside

Daughtry

Your life is like a crack in the mirror  
7 years of bad luck it aint getting better now  
Not till all is said and done  
Reflection in the window is the same old face  
Background small town everywhere you look around  
Tell me what you're runnin from

Flip a coin and let it land in your hand  
Heads you gonna stay but its tails

So you can move to another town  
Hide where you're sure you wont be found  
But its still just you on the inside  
You can pretend it'll be alright  
Said it to yourself but you know its just a lie  
Cause its still just you on the inside

Still you on the inside...

Nothin faster than the speed of your leavin  
A hundred miles an hour and there aint no slowin down  
But you cant outrun yourself  
Hey you can say you fit in like a joker in the deck  
But now you're skipping like a broken record goin round  
You're the last to ask for help

You flip a coin and let it land in your hand  
Heads you gonna stay but its tails

So you can move to another town  
Hide where you're sure you wont be found  
But its still just you on the inside  
You can't pretend it'll be alright  
Said it to yourself but you know its just a lie  
Cause its still just you on the inside

Still you on the inside

Its never really been a question of how far  
And at the end of every destination there you are

You can move to another town  
Hide where you're sure you won't be found  
But its still just you on the inside  
You can pretend it will be alright  
No matter how you sell it  
When you tell it its a lie  
Cause its still just you on the inside  
Still you on the inside (You can go and change and to me you'll always be the same)  
Still you on the inside (You can try and run and know you'll always be the same inside)  
Still you on the inside (You can go and change and to me you'll always be the same)  
Still you on the inside (You can try and run and know you'll always be the same inside)  
Still love you on the inside.
