

# Tennessee Line

Daughtry

I open my lungs  
The breathe in forgiveness and love  
Haunting me now, reminders of  
how i used to be  
and on down the road  
my troubles are sure to follow  
looking out the window  
hell if i know where i will go  
so i'll just keep on driving

On my way to L.A.  
Looking into the rear view  
As the roads fade away  
i've Sworn off my past  
The first to last  
Bad Call  
That i ever made  
Tell me how to make right

Every wrong turn that i've learned  
So this can all end tonight  
Tennessee line just changed my mind  
well it's my heart i'll follow this time

Wo would've known that  
pride is so hard to swallow  
As i rest on the shoulder of  
a road growing colder  
With the trouble i own  
Should i just keep on driving?

On my way to L.A.  
Looking into the rear view  
As the roads fade away  
i've Sworn off my past  
The first to last  
Bad Call  
That i ever made  
Tell me how to make right

Every wrong turn that i've learned  
So this can all end tonight  
Tennessee line just changed my mind  
well it's my heart i'll follow this time

I know i must be doing something right  
Head the other way  
back to where i started out  
Ask myself  
if i can turn it all around tonight  
And stop living with doubt

On my way to L.A.  
Looking into the rear view  
As the roads fade away  
i've Sworn off my past  
The first to last

Bad Call  
That i ever made  
Tell me how to make right

Every wrong turn that i've learned  
So this can all end tonight  
Tennessee line just changed my mind  
well it's my heart i'll follow this time

i've Sworn off my past  
The first to last  
Bad Call  
That i ever made

i've Sworn off my past  
The first to last  
Bad Call  
That i ever made

I'm gonna turn it all around tonight  
turn it all around tonight  
turn it all around tonight  
I'm gonna turn it all around tonight
