

# What I Want

Daughtry

It always seemed that I was sorry for the things that I did,  
But never did a thing about it 'til I let you in.  
It's kinda funny about the time that I was falling apart.  
You came and put me back together, now.

'Cause what I want  
And what I need  
Has now become the same thing  
You've been offering.  
As days go by,  
I've finally become what you want me to be.

I still remember all the stupid things that I've said and done,  
But still, you stuck around with me when all your friends said,  
"Run!"  
Givin' me a name, I found myself inside all the flames.  
Becoming everything for you again.

What I want  
And what I need  
Has now become the same thing  
You've been offering.  
As days go by,  
I've finally become what you want me to be.

Don't tell me you saw it all along.  
God help me, I never knew it alone.  
Guess I was wrong.

What I want  
And what I need  
Has now become the same thing  
You've been offering.  
As days go by,  
I've finally become what you want me to be.

And what I need  
Has now become the same thing  
You've been offering.  
You've taken me,  
And shaped me to become what you want me to be.
