

Crazyboutya

Dave Barnes

You don't have to tell me, girl, I know it
And hallelujah is coming out my mouth
Cause you're my girl and girl I don't deserve you
But deserving love is not what you're about
Im gonna tell the whole wide world about you
Tell them what you mean to me
Ooh, Im crazy bout ya, baby, and I just can't help it
Some might call it selfish
I need you by my side
I'm crazy bout ya baby
And there's no denying
No use even trying
I need you by my side
All the girls in the papers and the movies
And the covers of the dirty magazines
They got nothing on your beauty, pretty baby
Cause you're everything that they wish they could be
Im gonna tell the whole wide world about you
And tell them what you mean to me
Ooh, Im crazy bout ya, baby, and I just can't help it
Some might call it selfish
But I need you to myself
Ooh, I'm crazy bout ya baby
And there's no denying
No use even trying
I need you by my side
