

# Round And Round

Dave Barnes

Please don't tell me that I am wrong,  
I've never felt so right.  
She sticks in my head from night to day to night.

Check my fever, check my pulse,  
Am I going crazy?

She goes round and round in my head.

Someone tell me how I caught this,  
Must be in my blood.  
Cause I have felt this way ever since I fell in love.

Check my fever, check my pulse,  
Am I going crazy?

She goes round and round in my head.
