

Sharon Sue

Dave Barnes

I brought you these roses and this big ole bottle of wine.
And all of these daisies, in case you change your mind.
Those boys been calling, but they don't stand a chance.
What makes you happy, I'll give you all of that.

And all my love in the morning, love in the day.
Love in the evening, what you want, just say.
Anything you're needing is everything I'll do.
Cause I ain't sharing you, Sharon Sue.

I'll keep you smiling, I'll keep you close to me.
We'll start a little family in the hills of Tennessee.
Those boys been calling, just tell them how you feel.
That they can stop their chasing, you're running away with me.

And all my love in the morning, love in the day.
Love in the evening, what you want, just say.
Anything you're needing is everything I'll do.
Cause I ain't sharing you, Sharon Sue.

And you're my love in the morning, love in the day.
Love in the evening, what you want, just say.
Anything you're needing is everything I'll do.
Cause I ain't sharing you, you're much too much to lose.
I'm tired of sharing you, Sharon Sue.
